

Tis The Season for *Giving Thanks!*

Our Mission is to demonstrate God's love for His people through life enhancing supportive services for older adults and their families.

Our 24-hour nursing care facility, offers a wide range of health and living services for the senior experiencing the need for prolonged or extensive health care services.

From The Executive Director

Deb Barnes

There are always so many wonderful things happening at Lakeview, here is just a peek at the last couple months!

If you have not visited our website in the last few weeks, please take a look at our fresher, friendlier, more informative site where our great Lakeview story unfolds!

Showcasing our new skilled nursing home during our Open House on September 20th was a thrill for all of us. Many guests gathered for refreshments under a large tent, as the building was dedicated by Rev. Dr. Fred Vanderwerf.

Four guides were busy all afternoon giving tours of the new space.

If you missed that day, call anytime and ask for Mae Dewar-Aust in Foundation and she will meet you at the door!

We are a much different service than we used to be in our skilled building. Since the majority of residents come to skilled care for rehabilitation after surgery, our Nursing Department, Social Workers and Therapists start the discharge plan from day one!

At Lakeview we do not rest very long between projects! An ambitious remodel of our Senior Independent Living Apartment Building, Maplewood, is underway! We have chosen our designer and contractor, materials and styles, and soon it will have a light, modern atmosphere.

We do not yet have a clear picture of how we will use the old nursing home, although suggestions are on the table, and decisions will be made after Maplewood and the Child Day Care projects are completed.

Our Beautiful Lakeside Café Will Be Opening Very Soon

Our beautiful café has been sitting empty because of COVID restrictions, but those have eased somewhat, and we are planning that Grand Opening very soon!

The Recreation Department did an outstanding job helping residents to stay busy in their rooms during our severe COVID restrictions, and now it is such a joy to see them be able to host group activities again! The beautiful first floor courtyard and 2nd floor balcony have been the scenes of many active gatherings!

As you can see, our Department Directors and Staff are busy every moment keeping Lakeview the best place to be!

Help Us Complete The New Space For

By Deb Barnes

When is Lakeview going to finish the new childcare space and why *hasn't* Lakeview finished the new childcare space are questions that we are asked daily! The topic was also of particular interest during our Open House on September 20th.

It is pure joy to have Building Blocks leasing space on our campus to care for 45-50 community children. However, the shortage of child day care is so severe in Martin County that Building Blocks has to turn down sometimes as many as 25 calls per month because of space restrictions. Even with already housing the only Child Day Care Center in Fairmont, we felt further compelled to do more not only for the community, but for the children of our own 150 employees, and for our many Residents who find immeasurable joy interacting with the energetic, darling kids!

Our board agreed to allocate \$1,250,000 to construct a new Child Day Care Center. This amount was to complete the Day Care Project, but when prices skyrocketed after COVID, \$1.25M was only enough to construct the shell. The cost to complete the new space has risen by another \$945,000.

Our staff will benefit greatly from added day care slots, but the shortage of day care is not only a Lakeview problem, yet Lakeview has contributed over a million dollars to the solution.

The Shell Of Building Blocks Is Waiting
Completion To Provide Childcare Services To
120 Children In Our Community

Our Foundation Director, Mae Dewar Aust, and our Human Resources Director, Rachel Spencer and I have written grants to every available source to find more funding.

What ideas do you have? One suggestion was to ask all of the building contractors in the county to spend a week finishing the building in exchange for emergency slots for the children of their employees. Another thought was to approach groups that still have unspent COVID funds. The EDA is trying to find other sources.

It is our earnest prayer that an option soon presents itself allowing us to provide day care for those 25 families that call each month and getting those parents into our Martin County workforce!

Holiday Open House

Chuck Haugen, Treasurer	Dr. John Lund	Jason Subbert

Exceptional People Providing Exceptional Care

In our new building we have invested in a top of the line therapy/rehab department. Our Rehab suite has its own private room for stretching and exercises for one on one needs. It also has its own private bathroom and shower.

We provide the highest quality care and service
delivered with compassion and skill

In the large therapy room there are many amenities. A few of the top two are a car, to practice getting in and out. This device can change heights to better meet your personal vehicle.

Also, we have just installed a new overhead tracking system, this will allow residents with strength restrictions to off load their body weight. They will start to gain stability slowly to produce safe results for balance and walking.

Fine Dining

For Our Residents

By
Deb Barnes

State-of-the-Art Neighborhood Dining Rooms
Are Located In Every Pod

Our Culinary Servers Add A Personal Touch
To Each Meal Served From Our Modern Kitchen Areas

Of equal stature is the dining room experience! Our residents are now served from beautiful silver chaffing dishes in neighborhood dining rooms, by friendly and helpful servers under the direction of Coordinator Kim Appel.

Should a resident not choose the entrée of the day, our servers will freshly prepare whatever the resident orders.

One resident's wife quipped that her husband was going to have a hard time when he returned home and no longer had made to order breakfast!

While streamlining, speed, conformity, and uniformity are all admired concepts in today's world, those terms are anathema to our new Chefs and Culinary Servers.

Our professionally trained chefs handcraft every meal from gourmet recipes, fresh ingredients and touches of their own expertise.

The array of fresh salads, tantalizing ribs, tortellini, stuffed chicken breasts, hot cheesy breads, mouth-watering pies and bars makes each mealtime a true event!

Our Private Dining Area Can Be Reserved
For Special Occasions or Family Dinners

A Taste Of Lakeview Catering Services

CATERING TO CELEBRATE

In addition to preparing 340 meals daily for Lakeview, Maplewood and Woodland Manor residents, our Nutritional Services Program prepares all of the meals for Building Blocks Learning Center and Childcare as well as a variety of catering opportunities.

A wide variety of salads, cookies, bars and other a la carte items are available from our kitchen and will add that special touch to your favorite occasion, school event, party or family gathering.

Leaving Your Legacy With Lakeview Methodist Health Care Center

Our mission of Lakeview Methodist Health Care Center, is to demonstrate God’s love for his people through life enhancing supportive services for older adults and their families.

The Foundation provides funding for Lakeview Methodist Health Care Center so items may be purchased that would not otherwise be possible. Through the Foundation, funding has helped with capital improvements, education, and other special projects, to ensure quality health care and enhanced human service.

To provide this funding the Foundation relies on private donations.

The Charitable Gift Annuity, The Gift That Gives Back

A charitable gift annuity allows you to create a special legacy at Lakeview Methodist Health Care Center and receive a guaranteed annuity for the rest of your life.

How Does It Work?

A charitable gift annuity is a simple contract with Lakeview Health Services Foundation under which you contribute assets to the Foundation in exchange for a fixed annuity payment for the rest of your life. At the end of the contract term, the remaining amount in the contract will be distributed to Lakeview Health Services Foundation to be applied for the purposes you designate.

Fixed, Guaranteed Payments For Life

A gift annuity is for life. Your annual payment will be fixed at the time you fund your gift annuity and will not be affected by investment performance or changes in interest rates over time. The payments are backed by full assets of Lakeview Health Services Foundation and will continue for you the entire contract term. Also, depending on the assets you used to fund your annuity, part of your annuity payment each year may be tax-free income.

The Simple Process

Setting up a gift annuity with Lakeview Health Services Foundation to benefit the Health Care Center is much easier than you might think. Gift annuities can be funded with a minimum of \$10,000 in cash, marketable securities, or even real estate.

Blessings to all for their continued commitments and future commitments to Lakeview Methodist Health Care Center!

Make an

impact

with your year-end giving.

The End of the Year is Approaching

Consider the many ways you can enjoy tax and income benefits while helping Lakeview Methodist Health Care Center.

CAPITAL CAMPAIGN

In thankful appreciation for Lakeview Methodist Health Care Center and in an effort to expand and strengthen health care to our community; I/we intend to give

Amount: \$ _____ Monthly of \$ _____ for _____ Months

Quarterly \$ _____ Annually \$ _____

☐ One-Time Payment ☐ Cash ☐ Check ☐ Assets other than cash ☐ Gift Annuity, Trusts, etc.
(e.g. real estate, appreciated stock)

Name _____ Phone _____

Address _____

City _____ State _____ Zip _____

Please make checks payable to Lakeview Methodist Health Center Foundation
*Your gift is fully tax deductible; no gifts or services were given in exchange for your gift.
Pledges are not legally binding and may be adjusted at any time.*

Celebrating Our 22nd Annual Hearts for the Holidays

This special tree is a tribute to past and present members of Lakeview’s family.

We invite you to dedicate a “heart ornament” in memory, honor or as a tribute to someone special. The cherished hearts will then decorate our Christmas tree in the new Town Center.

A minimum donation of \$30 per ornament is requested.

Please mail your donation with your loved ones name to:
Lakeview Methodist Health Services.
